---

Gary,

Leah would like to participate and can be available at either time. Thank you.

**Subject:** RE: San Jacinto Cap

I would suggest a meeting to discuss a sampling program for the San Jacinto site. The goal will be to develop an approach for collecting additional data on pore water within the cap and river sediment, as well as groundwater and San Jacinto River surface water. Please let me know if you are available for a meeting at the conference room at the Harris County office (where the CAC meetings are held) either Wednesday June 10th or Thursday June 11th at 1:00 pm; or if another date would be preferable.

Thanks,

Gary Miller
